

Plastics

1. Is plastic a natural substance? (1)
2. Plastics are made from the products of which 3 natural substances? (3)
3. What is a long chain of molecules called? (1)
4. Name 2 of the atoms that make up plastic polymers. (2)
5. Give 4 reasons why plastic is a useful substance. (4)
6. Name 2 products made by moulding. (2)
7. Explain the injection moulding process. (5)
