

Paired writing: Editing exercise

Work with your partner. Read the passage through carefully, identify spelling and grammar errors and discuss how you could improve the passage. Think about punctuation, sentence construction and paragraph writing.

Hello miss lyddell I want to tell you one of my favourite childhood memories. This is what happened.

We went on camp to stellenbosch and we met our camp teacher, so then we went and put our bags down and then we met for lunch. And it was such fun. Me and my friends chose our bungaloes and we all stayed in the same room. At one time in the night we saw and big spider and we were all scriming.

So my teacher said that we must all relax and go back to sleep, so then she put the spider outside of the bungalow. Then we were all okay again and we couldn't get to sleep at all, so then we tried to count sheep and we just kept on laughing at each other. We were very very tired the next day. In the morning the girls kept sleeping late and we had to be woken up, it was so not cool.

Then we had breakfast. Then we went to do an obstacle course. Then we had a break for tea. Then we went to have a swim. So much fun! Then we could have some free time before supper. So then we had this talent show. Wow it was so amazing. Because the teachers also did something and so then we were so awake and couldn't sleep again. Then when we got to our rooms we actually fell asleep because we felt so tired all of a sudden.
